

HIRAM RAMÍREZ

Python Backend Developer (AI, Agents & Integrations)

Mexico — Open to 100% Remote | hiram.j.ramirez@gmail.com | (+52) 222 103 3301 [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

PROFILE

Python backend developer with 4+ years of experience in scalable APIs and Agentic Engineering. Specialized in custom automations that drive efficiency, achieving ~\$1.4M MXN annual savings through intelligent workflow optimization. Currently building independent AI-driven web solutions.

SKILLS

Backend: Python, FastAPI, Pydantic, REST APIs, Spec-Driven Development. AI: Agentic Engineering, LLMs, RAG, LangChain, Ollama, Gemini, ComfyUI. Data & Cloud: PostgreSQL, SQLAlchemy, Firebase, Salesforce Admin (In Progress). DevOps: Docker, CI/CD, Deployment Workflows, API Integrations.

PROFESSIONAL EXPERIENCE

Mighty Studio — Mexico Nov 2022 – Jun 2026

Python Backend Developer (AI & Integrations)

Scaled REST APIs using Python/FastAPI for business-critical internal systems. Key Achievement: Built an automation app reducing operational team from 8 to 2 people, saving ~\$1.4M MXN annually. Custom Integration: Engineered a unique 100% custom integration embedding ComfyUI into ShotGrid Desktop for seamless AI image generation in the production pipeline. Implemented Agentic Engineering and spec-driven development to optimize complex workflows and direct AI behavior. Managed production data structures using PostgreSQL and SQLAlchemy.

SELECTED PROJECTS

[Leazro](#): AI-driven backend for dynamic web invitations. Integrated Google Gemini API for content generation and built automation tools. Used by real clients with ongoing monthly activity.

[Moon's forest](#) (EdTech): Built the complete web platform for a children's English learning app. Handles user registration, subscription payments, and progress tracking. Currently used in pilot version for testing.

[Independent AI Web Dev](#): Designing custom web solutions leveraging AI agents and LLMs for diverse client needs.

EDUCATION

Fullstack Rails Developer — Le Wagon Jul 2022 – Sep 2022

Fullstack MERN Developer — Kodemia Aug 2021 – Apr 2022

3D Character Animation — Universidad de Artes Digitales Jan 2011 – Dec 2013

LANGUAGES

Spanish: Native | English: C1 (Professional Working Proficiency)
